CHAIN OF SURVIVAL AWARD “Lives Saved”

Placer Hills Fire Protection District in conjunction with Sierra-Sacramento Valley EMS is hosting an awards presentation event to honor the two recent successful outcomes resulting from the early intervention and life-saving efforts of bystanders, Placer County Sheriff’s Department 911 Dispatchers, Placer Hills Fire Department Paramedics, American Medical Response Paramedics and local Emergency Room Nurses and Doctors.

We will be presenting several awards to recognize all of the personnel involved in this collaborative effort to save lives. The two recent survivors of Acute MI’s (Heart Attacks) will also be present to personally recognize and thank the individuals directly responsible for their survival.

This event provides current justification for the continued and ever-increasing need for strategically located Advanced Life Support Fire Department Paramedics to ensure rapid response and early intervention in life threatening medical emergencies continues to have positive outcomes.

This awards presentation and reception will be held on March 12, 2018 at 2:00 pm at the new Meadow Vista Community Center located at 1109 Meadow Vista Road Meadow Vista, CA 95733
